## WHAT PEOPLE ARE SAYING...

Great Podcast! Interesting and easy to listen to. ★★★★★

by StacyLJohnson

I've been reading Stephanie's blog for a while now and I'm really excited that she has now launched a podcast. The podcasts are easy to listen to and contain loads of interesting information. They have given me the opportunity to learn the history behind events and places that I may otherwise have not even heard of, e.g. Rila Monastery. Looking forward to hearing more!

Insightful, enjoyable ease going discussion. ★★★★★

by Burnaftreading

Thoroughly enjoyed the first episode. Focuses on a specific place in history e.g. The Forum and expands to a wider ranging discussion which is will this podcast excels. Well worth a listen folks!

I appreciate you sharing the downsides of things, because it's easy to think you're doing it wrong when it seems like everyone else has these magical effortless travels. And your pics from the middle-east trip were amazing – I enjoyed seeing them on IG. But man, those are some definitely bummers. Being harrassed and having scam attempts pulled, and that hostel room. :/ But I'm glad you seemed to have an overall good trip. Lots of useful tips too. 😊

Awesome podcast! Great for someone who hasn't been to Rome, but wants to someday.

thewanderingsuitcase I visited here a couple of years ago, but never thought to take a tour with an architect. Such a great idea - I guess I'll just have to visit a second time! 💜

craigcompass Great listen, very inspiring! It's a place I haven't been lucky enough to cross off the list yet!
